

Rush County Schools Policy on Bullying (October 2013)

B. BULLYING

1. Bullying committed by students towards other students is strictly prohibited. Engaging in bullying activities by use of data or computer software that is accessed through any computer, any computer system, and/or any computer network is also prohibited.
2. This rule may be applied regardless of the physical location in which the bullying behavior occurred as long as the alleged bully and the targeted student attend a school within the school corporation and disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent an unreasonable threat to the rights of other students to a safe and peaceful learning environment.
3. Bullying is defined as overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner including electronically or digitally, physical acts committed, aggression, or any other similar behaviors that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student and create for the targeted student an objectively hostile school environment that:
 - places the targeted student in reasonable fear of harm to the targeted student's person or property;
 - has a substantially detrimental effect on the targeted student's physical or mental health;
 - has the effect of substantially interfering with the targeted student's academic performance; or
 - has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.
4. Parents or students who suspect that repeated acts of bullying are taking place should report the matter to the school principal or designee immediately. In addition, a parent or student may also report the conduct to a teacher or school counselor who will notify the administration. This report may be made anonymously and law enforcement may be contacted. School personnel will immediately investigate all reports of bullying.
5. The administration will be responsible for working with the school counselors and other community resources to provide information and/or follow-up services to support the targeted student and to educate the student engaging in bullying behavior on the effects of bullying and the prevention of bullying. In addition, the school administration and school counselors will be responsible for determining if the bullying behavior is a violation of law required to be reported to law enforcement under Indiana law based upon their reasonable belief. Such determination should be made as soon as possible and once this determination is made, the report should be made immediately to law enforcement.
6. The parents of the alleged bully and the targeted student(s) shall be notified immediately.
7. False reporting of bullying conduct as defined in this rule by a student shall be considered a violation of this rule and will result in any appropriate disciplinary action or sanctions if the investigation of the report finds it to be false.
8. Failure by a school employee who has a responsibility to report or investigate bullying or any other duty under this rule will be subject to appropriate disciplinary action.
9. Counseling, corrective discipline, and/or referral to law enforcement will be used to change the behavior of the perpetrator. This includes appropriate intervention(s), restoration of a positive climate, and support for victims and others impacted by the bullying.
10. Educational outreach and training will be provided to school personnel, parents, and students concerning the identification, prevention, and intervention in bullying.
11. All schools in the corporation are encouraged to engage students, staff and parents in meaningful discussions about the negative aspects of bullying. The parent involvement may be through parent organizations already in place in each school.
